On-line Soldier Preparedness

BE PREPARED

THE SCOPE OF MYUNIT

Finally - someone took the time to synergize all the unit staff functions and Soldier responsibilities into one easy-to-use software application.

- Developed with input and experience from OIF I through OIF VI
- Accessible as a web application on any network
- Supports units of all components: AC, NG, and USAR- of any size
- Supports Soldier requirements for ALL branches and ranks
- Support a unit from ANY location: garrison, training, and mobilization
- Usable by ANY rank without training

YOUR SOLDIERS DEFINE YOUR UNIT. HOW CAN YOU AVOID ENDLESS SPREADSHEETS AND ROSTERS? WE CAN HELP.

MyUnit is a web-based, unit-level management tool that encompasses all annual requirements managed by every Army unit in the United States Army.

Regardless of unit size, all functions are organized by their relevance to their respective staff section: S1, S2, S3, S4, S6, Chaplain, and Family Readiness Group.

Imagine one portal capable of managing your unit and your soldiers from the ground-up, automating local records by Fiscal Year, integrated between all staff sections, and dynamically generating reports for informal or formal briefings / Battle Update Briefs (BUB), Unit Status Reports (USR), Battle Focused Readiness Reviews (BFRR) and validating individual unit Yearly Training Requirements.

FREQUENTLY ASKED QUESTIONS

Q What type of functions does MyUnit automate?

A Each section has the ability to track an unlimited number of aspects of Soldier preparedness to include Licensure, Qualifications, Mandatory Briefings, Additional Duties, Awards, Sponsorship, Weapons, Masks- and more!

Q I am concerned about PII. Who can see this information?

A A unit has the ability to assign a unit administrator. This individual can assign who has the ability to logon to the application AND what pages they are allowed to access and modify.

Q Can I customize the application to track my unit's specific information?

A Yes. There are many areas that allow you to track ANY aspect of training or specialty operations.

MyUnit HAS A PROVEN RECORD OF HELPING UNITS SAVE TIME MANAGING TRAINING AND OPERATIONS.
